Son

Grandson

Dear Parent or Guardian, The Language Lab is used to further your child's vocabulary and language. The following vocabulary is based off of the Ling Thesaurus. It is important that your child understand the concept of each word in the phases. Phase 1 contains words most frequently used and learned first. Phase 2 contains the next most frequent words. Phase 3 contains words needed for a basic minimum reading level. Phase 4 contains words that should be used in school life. Use this a guide and resource as much as you can to interact with your child and improve their language

—Beginnings SC Team

Take a Trip!

Go to a store. Observe each area and talk about which department each of your family members would like. Talk about what the family member likes and dislikes.

Grab some materials!

Create a family tree with your child. This can be done through a website or with a sheet of paper. Make sure to talk with your child about each family member and how they are related to them.

Visit our Pinterest for more activities:

Use your imagination!

Play a game and act out each word on the list. Take turns having your child act out some of the words and trying to guess the words. Talk about each word afterwards and how the word relates to them.
