

Ling Thesaurus: Farm and Garden

This Language Lab is used to further your child's vocabulary and language. The following vocabulary is based on the Ling Thesaurus. Phase 3 contains words needed for a basic minimum reading level. Phase 4 contains words that are typically mastered by age 8. It is important that your child understand the concept of each word in the phases. Use this a guide and resource as you talk/sign and interact with your child and improve their language.

Take a Trip!

Go to a local farm or state park and locate as many items from the list that you can. You can create a quick scavenger hunt to make that more fun.

Grab some materials!

Become a farmer, and create a garden or plant a flower. Discuss the process that the plant will go through. Use as many words from the vocabulary list to create a story about the plant. You can help your child write a book to "teach" a younger child, or do a video explaining these words.

Use your imagination!

Take a walk outside, and make a list of all the items that you see. Circle or highlight any words that you find that are from the list. You can also pretend that you are a farmer, and discuss all the materials that you will need to create a successful farm.
